

Residential Gas Meter Tech-Utility Technician

(Full-Time/Regular) **4-Ten hour day work weeks**

POSITION DESCRIPTION:

Employees in the Gas Meter Tech position represent Louisville's local Gas & Electric Utility to complete pre-scheduled maintenance on gas meters at customer's homes or businesses.

There is a thorough on-the-job training program in place. Majority of the duties of this position are done by appointment and does **not** do cutoffs related to non-payment.

After thorough training responsibilities may include:

- Exchanging residential gas meters and regulators.
- Repairing gas meter loop/manifold.
- Reading gas meters accurately in connection with work performed.
- Safely relighting household appliances.
- Remaining knowledgeable of and follow all safety rules, procedures and practices.
- Troubleshooting, investigating and resolving standard problems.

HIRING CRITERIA:

- Possess basic computer skills.
- Previous experience in plumbing, heating & air, or gas is a plus, but specific training is provided for this position.
- Must be able to perform the physical requirements of the job including, but not limited to: walking, bending, climbing, sitting, lifting up to 25 pounds, stretching, kneeling.
- Must be able to work in an environment where there is exposure to dampness, dirt, heat, noise and occasional pets. Work environment will include visits to customer premises.

ADDITIONAL INFORMATION:

This position will work **4-Ten-hour days** each week. Regular schedule will be either Monday-Thursday or Tuesday-Friday.

Our Company has a very strong Safety Culture and Program.

This position will require pre-employment background checks, driving record checks, and drug & alcohol testing. It is also subject to random drug and alcohol screening.

OTHER:

Starting rate is \$17/hour. In addition to our competitive benefit package, work boots and all required PPE is provided.
