

## Residential Gas Meter Technician

**Pay:** \$20 per hour (Training rate)

**Schedule:** Full-Time | 1st Shift | 4-day workweek (4 x 10-hour days)

**Solid Work. Steady Schedule. Competitive Pay.**

We're looking for **Residential Gas Meter Technicians** who take pride in safe, hands-on work and serving customers in the field. Qualified candidates should be mechanically inclined, enjoy working outdoors, and want a reliable first-shift schedule.

---

### What You'll Be Doing

- Read, exchange, and repair residential gas meters and regulators
- Troubleshoot gas meter issues, AMI modules, ERTs, and associated components
- Test house lines and restore gas service after meter or regulator changes
- Relight gas appliances safely
- Re-bracket meter loops/brace meter loops in order to safely replace gas meter
- Repair hand-built gas meter loop/manifold (valve and above)
- Work in confined spaces when needed
- Complete daily work orders using a company-issued tablet
- Keep tools, trucks, and work areas clean and safe
- Follow all safety rules and report unsafe conditions immediately
- Represent the company professionally at customer locations

---

### What You Need to Have

- Valid state driver's license
- H.S. Diploma or equivalent. Some college or applicable trade experience preferred.
- Be able to pass related Gas Operator Qualifications and sustain certifications (3 year renewal cycles)
- Ability to pass the NFPA 54 code book exam (class provided by the Company)
- Ability to work outdoors in all kinds of weather
- Physically able to lift up to 25 lbs., kneel, bend, climb stairs, and perform manual labor
- Strong safety awareness
- Dependable attendance
- Pre-employment drug & alcohol testing along with motor vehicle checks are done. Employees are also subject to random drug & alcohol testing.

---

### Schedule Details

- Full-time, 40 hours per week, First shift. 7 a.m.-5:30 p.m.
- Four 10-hour days (Monday–Thursday or Tuesday–Friday, assigned by management)

---

### Why Work Here

- Competitive hourly pay and great benefit options
- Consistent daytime schedule
- Team environment with room to mentor and grow
- Pay rate increased after completion of training

**Equal Opportunity Employer**
